Unit Title:	Check Cycle Session Equipment
Unit Level:	Level 1
Unit Credit Value:	2
GLH:	21
LASER Unit Code:	WJI080
Ofqual Unit Code:	F/652/4689

This unit has 6 learning outcomes.

Learning Outcome (The learner will):		Assessment Criteria (The learner can):	
1.	Be able to move cycles in and out of storage.	1.1	Wheel a cycle along the ground using correct techniques.
		1.2	Demonstrate ways to allow the cycle to move freely.
		1.3	Use safe handling techniques when lifting a cycle.
		1.4	Identify the range of assistance available to move heavier adapted cycles.
2.	Be able to recognise if cycles are safe to use and meet legal requirements.	2.1	Assess the safety of cycles for the session.
		2.2	Carry out checks on cycles to ensure they are suitable for the session.
		2.3	Rectify minor faults and make minor adjustments to cycles.
3.	Be able to make cycle helmet safety checks.	3.1	Check that a cycle helmet is safe and meets legal requirements.
		3.2	Demonstrate how to wear a cycle helmet correctly.
4.	Be able to make checks to training equipment.	4.1	Place flags and marker cones correctly and visibly.
		4.2	Use signs effectively to assist riders.
5.	Know how to make other arrangements if training equipment is not fit for purpose.	5.1	Recognise when to seek assistance from a qualified cycle mechanic or appropriate maintenance staff.
6.	Know the organisation's training equipment maintenance policies and procedures.	6.1	Outline organisation's fault reporting procedures.
		6.2	Describe own responsibilities within the organisation's maintenance policies.

Assessment Guidance:
Current legal and regulatory frameworks and guidance as well as accepted good practice must be applied to the delivery of this unit.
