10% discount is available per learner per registration progressing through a nested qualification suite.

To ensure you receive this discount, set up three separate courses for the required qualification, one at each size: Award, Certificate and Diploma. (For example, L1 Award in Progression, L1 Certificate in Progression, and L1 Diploma in Progression). Our Customer Support Team can assist you with this process so that it is quick and easy – please ask us.

When you register a cohort on the web portal, on the ERegistration Submission page you will find 'Notes on this submission' at the bottom of the page. For a cohort that has previously achieved an Award or Certificate, you must write here, as appropriate: 'Learners previously achieved Award: 10% discount' or 'Learners previously achieved Certificate: 10% discount'.

Please note that the 10% discount applies to a nested qualification of exactly the same title, not nested qualifications of different titles within a suite. Please check with us if you are unsure about this.

Remember to **claim learner achievement as they achieve**. Please only claim once per learner per run to avoid being charged if the learner achieves any additional qualification(s) on the same run.

Rules of Combination

The benefit of setting up your courses in the way described above (Award/Certificate/Diploma) is that the rules of combination can be easily achieved and carried forward, and you will receive a discount for each achievement after the first.
