

Progression Agreement Between LIBF & Laser Learning

Introduction

Education at LIBF is a flexible, personalised experience. Your learning journey should adapt to you - your pace, your priorities, your lifestyle. Which is why our courses and learning tools put you in control.

At LIBF, our globally recognised degrees are designed with an emphasis on practice skills and innovative thought leadership to prepare you for the future workplace. Your lectures are industry experts in business, banking, finance, and technology, and with our innovative learning solutions to suit all lifestyles, we've worked hard to make their expertise accessible to all.

Throughout our long history, we've helped our students build successful career in business, management, and technology. If you've ever dreamed of taking the next step towards progress, we've got the experience and expertise to get you there.

If you choose to study online, you'll still benefit from being part of our community of innovative academics, industry experts and respected members of the business and technology community.

- Access your learning online any time, from anywhere with our mobile app
- Schedule learning around your life with support from your study coach
- Take your exams anytime, day or night
- Decide on your study model (Part or Full time), start date and duration.
- Study at your pace and use our innovative learning tools

Study with [Syntea](#)

Welcome to the future of education with Syntea, your personal AI learning buddy, available through [your digital campus](#).

Tailored to enhance your learning experience, Syntea leverages advanced AI to:

- Test your knowledge and highlight where you should focus on improvement.
- Get immediate faculty-validated answers to any questions you have about your course content.
- Unlock deep knowledge of your subject, informed by the Socratic dialogue method of learning.
- Prepare for your exams with the exam trainer feature.

Syntea is designed to seamlessly integrate into your learning journey, providing 24/7 assistance for all modules with a course book.

Achieve your degree up to 27% faster with Syntea

Study with AI, without limits

With Syntea, get AI-powered support whenever you need it. Your AI study assistant is available 24/7 on myCampus to help you deepen your knowledge of your course when it suits you.

Beat career competition

Adopt AI tools from day one and progress with confidence, knowing you're developing skills that future employers prize. Be ahead of the job market in understanding AI's capabilities.

Thrive with next level support

Transform your study experience with support from personal tutors and study coaches, backed up by Syntea. With personal guidance and an AI study assistant, you're set for success.

Students using Syntea completed their course 27% faster than those who didn't use Syntea
