

**Unit Title:** Variation And Adaptation  
**Unit Level:** Entry 2  
**Unit Credit Value:** 3  
**GLH:** 30  
**LASER Unit Code:** WJB276  
**Ofqual Unit Code:** R/503/3961

This unit has 4 learning outcomes.

LEARNING OUTCOMES		ASSESSMENT CRITERIA	
The learner will:		The learner can:	
1.	Know about the range of organisms in an environment.	1.1	Identify ways in which organisms are adapted to their environment.
2.	Know about factors that affect the range of organisms in an environment.	2.1	Identify natural factors that affect the range of organisms found in an environment.
		2.2	Identify ways in which human activity can affect the range of organisms found in an environment.
3.	Understand that organisms are interdependent.	3.1	Construct a simple food chain, identifying predator and prey.
4.	Be able to identify organisms in a particular habitat.	4.1	Use a simple identification key to identify some organisms found in a habitat.
		4.2	Present information to show the organisms identified.
