

Unit Title: Design And Technology- Planning
Unit Level: Entry 2
Unit Credit Value: 3
GLH: 30
LASER Unit Code: WJB297
Ofqual Unit Code: L/602/0944

This unit has 3 learning outcomes.

LEARNING OUTCOMES		ASSESSMENT CRITERIA	
The learner will:		The learner can:	
1.	Know the importance of planning the making of a product.	1.1	Identify the key points to be taken into account in manufacturing a chosen product.
		1.2	Identify the main stages of manufacturing a product.
		1.3	Estimate the length of time required for different stages of manufacturing a product.
2.	Be able to create a plan of manufacture.	2.1	Produce a basic plan of manufacture.
		2.2	Identify tools and processes required for manufacture.
3.	Be able to review a plan of manufacture.	3.1	Make changes to plan of manufacture when appropriate.
		3.2	Record changes to plan.
