

Unit Title: Understanding Perimeter And Area
Unit Level: Level 1
Unit Credit Value: 1
GLH: 9
LASER Unit Code: WJC593
Ofqual Unit Code: L/506/0933

This unit has 4 learning outcomes.

LEARNING OUTCOMES		ASSESSMENT CRITERIA	
The learner will:		The learner can:	
1.	Understand the perimeters of shapes.	1.1	Identify perimeter as being measured in units of length.
		1.2	Demonstrate how to produce different squares and rectangles with the same perimeter.
2.	Be able to find the perimeters of shapes.	2.1	Demonstrate how to find the perimeters of shapes in different ways.
		2.2	Demonstrate how to find a formula in words for calculating the perimeter of rectangular shapes.
		2.3	Demonstrate how to check the formula.
		2.4	Demonstrate how to find the perimeters of rectangular shapes using a formula.
3.	Be able to read and record measurement of an area.	3.1	Demonstrate how to read and write the units of measure for the area, in words and in other ways.
		3.2	Identify measurements used to calculate the area.
4.	Be able to find the areas of rectangles.	4.1	Identify that area is measured in square units.
		4.2	Demonstrate how to find the area of drawings on squared paper by counting squares.
		4.3	Demonstrate how to find the areas of rectangular shapes identifying and using the formula.

Assessment Guidance:
