

Unit Title: Developing Skills In Joining Materials Using Welding
Unit Level: Level 1
Unit Credit Value: 3
GLH: 30
LASER Unit Code: WJC705
Ofqual Unit Code: R/506/0982

This unit has 2 learning outcomes.

LEARNING OUTCOMES		ASSESSMENT CRITERIA	
The learner will:		The learner can:	
1.	Be able to prepare a work area in readiness for welding operations.	1.1	Confirm with a supervisor safety precautions and what has to be done before welding operations are carried out.
		1.2	Prepare a work area ready for the welding of materials.
		1.3	Check that materials are correct and tools and equipment are safe to use.
2.	Be able to produce welded joints to the required standard.	2.1	Use appropriate equipment to safely weld materials together.
		2.2	Check that the welded joints meet the standards required.
		2.3	Follow correct procedures to close down and safely store welding equipment.
