

Unit Title: Practical Floristry Skills
Unit Level: Level 2
Unit Credit Value: 3
GLH: 24
LASER Unit Code: WJD422
Ofqual Unit Code: A/504/9250

This unit has 5 learning outcomes.

LEARNING OUTCOMES		ASSESSMENT CRITERIA	
The learner will:		The learner can:	
1.	Know about the range of design features for a specified project.	1.1	Collate information about potential design features and construction techniques to meet a specified design brief.
		1.2	Collate information about the potential range of natural and man-made plant material available, according to season.
2.	Be able to make informed design decisions.	2.1	Decide on a specific design and material(s), justifying the selected features in terms of: a) intended purpose b) effective use of mechanics c) design principles season d) cost.
3.	Be able to prepare for the construction process.	3.1	Select conditioning methods in relation to the selected plant material.
		3.2	Use conditioning methods suited to selected plant material.
		3.3	Explain the purpose of the selected tools, equipment and other material to be used.
4.	Be able to produce a floral arrangement.	4.1	Produce a floral arrangement which meets the design brief.
		4.2	Ensure that the arrangement incorporates the design elements identified by the learner.
5.	Be able to review own work.	5.1	Comment on the design and production process, identifying: a) what worked well b) what could be improved c) what skills were introduced or developed.
