

Unit Title: Using Shape
Unit Level: Entry 3
Unit Credit Value: 2
GLH: 20
LASER Unit Code: WJF540
Ofqual Unit Code: L/504/3467

This unit has 2 learning outcomes.

LEARNING OUTCOMES		ASSESSMENT CRITERIA	
The learner will:		The learner can:	
1.	Know vocabulary used to describe shapes.	1.1	Use the following terms to describe a range of 2D objects: a) side length b) angle c) line of symmetry.
		1.2	Use the following terms to describe a range of 3D objects: a) faces b) edges.
2.	Be able to solve practical problems involving 2D and 3D shapes.	2.1	Outline problems or tasks requiring use of shapes.
		2.2	Use shapes to solve practical problems described in 2.1.

Assessment Guidance:

Range - A minimum of two objects.
 2.1 A minimum of two problems.
