

Unit Title: Using Whole Numbers
Unit Level: Entry 3
Unit Credit Value: 3
GLH: 30
LASER Unit Code: WJF545
Ofqual Unit Code: A/507/6545

This unit has 3 learning outcomes.

LEARNING OUTCOMES		ASSESSMENT CRITERIA	
The learner will:		The learner can:	
1.	Know data needed to solve a problem with whole numbers .	1.1	Outline problems to be tackled.
		1.2	Identify data needed to solve problems.
2.	Understand the value of whole numbers .	2.1	In practical situations: <ul style="list-style-type: none"> a) order whole numbers b) compare whole numbers c) round whole numbers.
3.	Be able to perform calculations with whole numbers to solve a problem.	3.1	In practical situations estimate the answers to calculations with whole numbers including: <ul style="list-style-type: none"> a) addition b) subtraction c) multiplication d) division.
		3.2	Perform calculations with whole numbers including: <ul style="list-style-type: none"> a) addition b) subtraction c) multiplication d) division.
		3.3	Use a calculator to check answers.

Assessment Guidance:

Numbers whole numbers up to 1000.

3.1 a) 3.2 a) Addition - using three digit whole numbers.

3.1 b) 3.2 b) Subtraction - using three digit whole numbers.

3.1 c) 3.2 c) Multiplication - two digit whole number by single digit whole numbers.

3.1 d) 3.2 d) Division - two digit whole number by single digit whole numbers.
