

Unit Title: Video Software
Unit Level: Level 1
Unit Credit Value: 2
GLH: 15
LASER Unit Code: WJH169
Ofqual Unit Code: F/650/1755

This unit has 3 learning outcomes.

LEARNING OUTCOMES		ASSESSMENT CRITERIA	
The learner will:		The learner can:	
1.	Be able to use video hardware and software to capture sequences.	1.1	Identify an input device and associated software.
		1.2	Record information using input devices and built-in video software.
		1.3	Identify the file format used by the input device.
		1.4	Store and retrieve sequences using pre-set file formats.
2.	Be able to use video software tools to combine and edit sequences.	2.1	Identify video editing software to use for the file format.
		2.2	Copy short video sequences into a new file.
		2.3	Combine different information and formats in line with copyright constraints.
		2.4	Identify copyright constraints on using others' information.
3.	Be able to play and present video sequences.	3.1	Identify playback software to use for a sequence.
		3.2	Identify the display device to use for the sequence.
		3.3	Select and use software and a display device to playback video sequences.
		3.4	Adjust settings to present sequences to meet needs.
