**Additional Information:**

During delivery and assessment of this unit, it is expected that the below criteria are considered where possible.

**Equality, diversity and inclusion (Equality Act 2010)**

It is anticipated that organisations will have procedures and guidelines for their safety staff to follow that will satisfy the following requirements as a minimum:

- different physical needs
- different cultural needs
- language needs
- beliefs

**Safeguarding**

Current relevant legislation and guidance (to be maintained and updated as necessary) regarding the safeguarding of children and vulnerable adults is as follows:

- The Children Act 1989 (as amended).
- The Children and Social Work Act 2017.
- The Safeguarding Vulnerable Groups Act 2006.
- Working Together to Safeguard Children 2018.

A 'child' is defined as anyone under the age of 18. An 'adult at risk' is defined as someone over the age of 18, who is in receipt or need of community care service. In a sporting venue a significant proportion of the crowd will be made up of a combination of both groups. However, you should be aware that there may well be children or adults at risk involved in a match-day capacity themselves, such as catering and hospitality staff, mascots, ball girls and boys, flag bearers, and even players. Safety staff should be able to identify individuals who do, or appear to, fit into these categories and recognise they may require additional assistance and/or protection.

**Safety, security and service**

It is expected that all services carried out at spectator events and crowded places are done so in line with the below measures:

- **Safety measures:** any measure designed and implemented with the primary aim of protecting the health and well-being of all client groups who attend, or participate in events
- **Security measures:** any measure designed and implemented with the primary aim of preventing, reducing the risk and/or responding to any criminal or unlawful activity or disorder committed in **connection** with events.
- **Service measures:** any measure designed and implemented with the primary aim of making all client groups feel comfortable, appreciated and welcome when attending events.
