

LEVEL 1 OFQUAL REGULATED QUALIFICATION

Health and Safety in a Construction Environment

PRODUCT SUMMARY

The LASER Level 1 Award in Health and Safety in a Construction Environment has been designed to support those working in or aspiring to work in the construction industry.

It will provide learners with knowledge of the key health and safety risks and hazards encountered in a construction environment. Subjects include:

- Principles of risk assessment for maintaining and improving health and safety at work
- Importance of safe manual handling
- Importance of working safely at height
- Risks to health in a construction environment.
- Importance of working safely around plant and equipment

ENTRY REQUIREMENTS

Learners must be at least 16 years of age or older to enrol for this qualification. It is also recommended that learners have a basic understanding of English.

KEY BENEFITS TO LEARNERS AND CENTRES

- The LASER Level 1 Award in Health and Safety in a Construction Environment provides the knowledge of health and safety required to undertake a role in the construction industry safely.
- Learners successfully completing the qualification will be able to move on and take the CITB Health, Safety and Environment knowledge test.
- Learners successfully completing the qualification who go on to complete the CITB knowledge test will have met the requirements to apply for the Construction Skills Certificate Scheme (CSCS) Green Card or Labourer's Card.
- The qualification meets the requirements of National Occupational Standards.
- Registrations can be made at any time during the year.
- Evidence log template available .

ASSESSMENT

- The qualification is assessed by portfolio of evidence or multiple choice questions.
- All centre devised assessments must be marked by the centre to show that learners have met each unit assessment criteria.
- Internally quality assured.
- Externally quality assured.

PUBLIC FUNDING

- CITB provides grants for employers who provide training for their workforce. See [website](#) for details.
- For many organisations funding can be a key factor in qualification and delivery choices. It is important that you check current eligibility directly with funding agencies. Please visit the Find A Learning Aim page on the gov.uk website for details.

IMPORTANT INFORMATION

- This qualification is available to learners from 1st July 2023.
- This qualification has specific delivery requirements and all centres must obtain LASER approval. Please refer to the Qualification Specification for full details.
- This qualification will be available until at least 30 April 2027.
